Note: Changes in hours of operation are being phased in at all King County solid waste facilities. Hours at Cedar Falls, Enumclaw and Vashon will change April 1, 2004. (*In future years, the switch from winter hours to summer hours will occur on April 16.) Hours at all of our other facilities will change June 1, 2004.

Why Are Hours Being Reduced?

The Solid Waste Division is working to provide services as efficiently as possible to keep our rates the lowest in the region. We are making a number of changes, including adjusting the hours of operation at our facilities to better match the hours when they are most heavily used by our customers. This means the facilities will be closed during times when the fewest people come, based on historical use data. We look forward to continuing to provide you with disposal services at the lowest price.
